

IRNDT2017-Formatting and Preparation of the Abstract (Times New Roman bold 14 pt)

First author¹, Second author², Third author³ (Times New Roman bold 12 pt)

¹First author affiliation, First author Email address (Times New Roman 10 pt)

²Second author affiliation, Second author Email address (Times New Roman 10 pt)

³Third author affiliation, Third author Email address (Times New Roman 10 pt)

ABSTRACT (Times New Roman bold 12 pt)

The abstract should summarize the main parts of your article, including objectives, results and conclusions. It must be limited between 150 to 250 words. Please do not insert pictures, diagrams, tables, references or media materials in your abstract. (Times New Roman 12 pt)

Keywords: A list of five keywords is needed. (Times New Roman 12 pt)

Industrial/Professional Contributions (Times New Roman bold 12 pt)

The authors need to emphasize their industrial/professional contributions. This is done by presenting 3 to 5 bullet points that convey the core findings of the work. It is noted that the length of each bullet point must not exceed 120 characters, including spaces. Please see the following examples: (Times New Roman 12 pt)

- The proposed model will help predict the output signal of an EC probe when operating at an arbitrary frequency.
- The proposed model will improve the design of multi-frequency EC probes.
- The proposed model will enhance the crack detection sensitivity in EC practices.
- ...
